

## Newsletter March 2021

**HERE WE GO AGAIN**

Dear Guests and Friends,

Finally, a light at the end of tunnel. We are so sick and tired of the Coro... word;  
But: We expect the holiday season on Rhodes to start on May 14<sup>th</sup>. And for sure, we will be open, and we will be on the water ☺

Here are the facts:

- The Greek government has announced plans to open up Greece for tourism from May 14<sup>th</sup> onwards.
- Arriving travelers with a negative PCR test or a vaccinations pass (documenting either the vaccination or the antibodies) can enter without quarantine requirements.
- The touristic areas, i. e. the Greek islands, are being prioritized in the Greek vaccination schedule, and the government's plan is to have the small islands completely vaccinated by end of April, while Crete, Rhodes and Corfu following suit a bit later. Well, whether this going to be fully achieved or not is another story.
- The first direct flight of Lufthansa from Munich to Rhodes in 2021 landed already on March 27<sup>th</sup>.
- Ryanair just announced its extended 2021 Rhodes flight schedule: Rhodes now serves as a hub for the airline, more direct flights are added.

Unchanged: Don't forget to fill your **"Passenger Location Form"** form before travelling, at least 24 hours before your flight. You will receive a QR code after midnight at the day of your travel, which you will have to present at arrival. Link: <https://travel.gov.gr/#/>

Since regulations are still subject to changes, here again the info links:

## What's New at Meltemi and Anemos

Not having sent a newsletter for quite some time means there was not so much news here, but that of course doesn't mean that we haven't been active in preparing for the upcoming season:

### Anemos

- AC's
  - All apartments are equipped with Air Conditioning.
  - No extra charge; we only charge the electricity at actual costs in case of excessive consumption.
- All Apartments are now modernized.
- The Surf Board stand under the palm trees has been relocated to allow for better views and an additional nice seating area.

### Meltemi

- As usual, we are also upgrading our equipment this year with new sails, booms, masts, etc., and eventually a Wing Foil, we are still sorting the market.
- We hope to be able to offer at least proper seating areas this year, and are presently awaiting the governmental Corona guidelines for conducting sports activities.

And, of course, this year is the first time in 21 years that the "Rhodos Treffen" will take place Rhodes! Sounds a bit odd, doesn't it?

We don't bother so much whether bars and clubs will be open.

We expect at least the same freedom as last year, with restaurants and cafes operating, and some BBQ's at the beach.

And of course, lots of wind, waves and sun.

We look forward to seeing you soon. 😊 😊 😊

Hang Loose,

**Zuzana**

**Georges**

**Martin**
