

NEWSLETTER MAY 2019

Hello Meltemians!

Summer is here, at least for us on Rhodes ☺. After a nice, cold, windy winter and some changes at the station we are back on our sunny, warm beach ready for another great summer! The new season started with our annual race, formula, slalom training camp from our Finnish, Danish, Swedish friends! First BBQ's, birthday party of Anders, & the first after surf partys! Many more to come

What's new in 2019

Equipment and Station

We have renewed some boards, sails and accessories for the 2019 season.

And we completely replaced the shed for the sails, gaining a bit more height and space.

Coverage by surf Magazine

German surf Magazin had a nice article about windsurfing paradise Rhodes in its March 2019 issue.

And, thanks to a wonderful readers letter from Maria, referring to some crazy guys called Sigi and Leo, the station and our whole group were shown in surf Magazine issue April 2019. Wonderful photo from our skiing session in Waidring this year, thanks to Sigi for organizing this event now since 20 years!

Big hugs to Maria to Sigi

Some Impressions

Team 2019

Not many changes, same crazy guys around here. Also, Boril and Elisabeth will join once again for the 2019 season.

Waiting to share this summer with all of you, to make great memories again all together!

See you soon and take care.

Hang Loose,
Georges **Martin**
